Apartments and Townhomes

Gyms and Fitness

Health and Wellness Clinic

City of Kyle Downtown Master Plan

City Staff and Council are working with architects and planners to establish a clear Vision, in the form of a Downtown Master Plan, to help shape the growth of Kyle's most historic district.

The Downtown Master Plan is based on the following principles:

- Celebrating Kyle's History. Downtown is where Kyle's story begins.
- Preserving and protecting the city's charm with a framework for good development.
- Enhancing the health, safety, and wellness of all residents.
- Re-establishing downtown as a central community in Kyle.
