About the Library

Welcome to Kyle Public Library! Within our 20,000 square foot building you will find a collection of over 60,000 items which include books, audiobooks, DVDs, magazines, newspapers, and a diverse Library of Things. Technological connectedness is available through adult, teen, and children's computers, as well as printing, scanning, and the ability to send a fax. Our library has program and meeting space, a spacious lobby, as well as a Butterfly Garden on the premises. Kyle Public Library is more than just what is physically accessible in the building with over 72 databases for educational and informational enrichment, as well as connection to three digital e-book and e-audiobook vendors.
