## Overview

KAYAC gives students the opportunity to hear city business items and then advise the Kyle City Council from their unique perspective.

## Purpose of Creation

This Youth Advisory Council was created as a sixteen (16) member committee that consists of youth ages 14-18, enrolled in ninth through twelfth-grade levels, and either reside in the city limits of Kyle or currently attend a high school in the Hays CISD school district or live in the city limits and are homeschooled. This committee is known as the Kyle Area Youth Advisory Council (KAYAC).

KAYAC shall be advisory in nature and has been created for the purpose of providing a youthful point of view for the Kyle City Council on community affairs and issues. This commission shall provide the opportunity for youth in the City of Kyle to learn about municipal government and to advise Kyle City Council from the perspective of area teens.

Learn more about KAYAC by reading our newsletters (in attachments below).?
